

Hello LGS Families!

For the past few years LGS has hosted an Invitational Volleyball Tournament to help raise funds to purchase items for our school. We have been able to replace the old scoreboard, purchase an additional one for the opposite end of the gym, replace the basketball backboards to meet IESA regulations and warm-ups for last year's athletes. Most recently we were able to upgrade the sound system in the gym. Funds raised from this event will go to help offset the cost of the new portable scorer's table and custom folding sideline chairs for the gym.

This year our 7th/8th Grade Invitational Volleyball Tournament will take place on Saturday, February 8th.

We are reaching out to ask for assistance this year with a donation from you—possibly in the form of raffle baskets or just your time volunteering during the tournament. If donating an item for raffle, please be sure to include your name. You will be recognized at the table for the for the donation.

We are also asking for contributions toward the concession stand. Any food, drink, gift card or monetary donation would be greatly appreciated to help stock this area. Donations may be dropped off to the school. Please have non-perishable items to the school before Wednesday, February 5th. Perishable items may be dropped off on Friday, February 7th or on the day of the event.

Needed concession items would be:

- Hamburger buns
- Bottled water
- Coke products: Coke, Diet Coke, Sprite, Root beer, Lemonade
- Gatorade (12oz bottles)
- Variety pack chips (snack size)
- Tortilla chips
- Boxes of candy (full size bars)

With your help, we can have another successful tournament! Every donation makes a difference! Your donations help to maximize the amount of money we can raise.

If you have any questions, are interested in donating or willing to volunteer your time, please contact me at the number or email below. You may also contact Jessica in the office.

Thank you in advance for your support!

Sincerely,

Niki Rauba
