To: Lostant School Families  
Re: December Information

### **USDA WAIVER**

The USDA extended the breakfast and lunch program waiver through the end of the school year. All students who attend Lostant Elementary School may eat breakfast and/or lunch free of charge. The waiver does not include k-2 extra milk or extra milk at breakfast/lunch.

### **COVID CASES**

Although I would like to report that we have had no positive cases of Covid, unfortunately we have had a few. The good news is that our families and staff are getting tested immediately and Mrs. Goddard is keeping a contact tracing list should we have to notify you to quarantine your child. Thank you to everyone for a great job of staying healthy and following health department guidelines to keep us all safe. I know it is not easy to keep a child home from school. Lostant parents are doing an amazing job and I thank you. Without your diligence and support we would not be able to keep our school open for learning.

### **REMOTE LEARNING**

Teachers have been working hard to train students to work remotely from home. The kids are doing a great job of keeping up with the remote schedule when they are in quarantine or home sick. There is a separate remote schedule if we must temporarily close the school. Let's hope this does not happen.

### **HAPPY HOLIDAYS**

Mrs. Goddard decorated the halls with holiday program decorations. It looks festive and Santa visited our school this week. It saddens my heart to know we could not put on a holiday program for you this year. Please continue to keep your health in mind as you enjoy the holiday season.

...where all students are given the opportunity to reach their highest potential.
