Re: Breakfast and Lunch Menus

Dear Parents and Guardians,

On August 20th we received a letter from Kohl Wholesale, our food distributor. Due to the lack of workers in the warehouse and drivers, Kohl's is challenged with delivering food orders to schools. Yesterday we were informed that they are down 60 employees.

Kohl's assured us they will do their best to deliver our full order on time. However, due to the shortage of employees, it is very possible we may not receive all of the food we ordered. We may not receive our order in a timely manner.

You are receiving this notification in the event Teresa must alter the posted breakfast and lunch menus. We will do our best to serve the meals as planned; however, we may have to offer alternate meals. Students will always be served meals at our school. I will personally purchase food in bulk if necessary and bring it to school. We will do everything humanly possible to continue to serve your children meals.

Thank you for your patience and understanding during this very unfortunate time.

Educationally yours,
Dr. Malahy
Superintendent
